## LINDSAY'S LOWDOWN!

One of our priorities at Schuler School this year reflects the PRPS core value of care. For learning to occur, it is important that we look after our personal physical and mental health. It

is also important that we support the well-being of those around us. This attention to care fosters a safe and caring school environment.

On that note, I wanted to share a little about our wellness programming that is occurring from grade 1-9. I spend one period per week with each class. This is important to me for a few reasons. I get to spend time getting to know all the students and I also get to share strategies, tools and values that go a long way to personal well-being as well as those around us.

Feeling calm, safe, and regulated is important for our brain's ability to learn. We have been focussing on increasing our awareness of emotions in others and identifying our own emotions. We have also chatted about strategies and tools we can use when we are feeling anxious, bored, frustrated, or angry. Taking deep breaths, going for a walk, or sitting in a quiet space are all tools that can help us feel just right for learning.

We have talked about the feeling of safety at school when we are all looking out for one another and not tolerating rude and mean behaviors. I have been working with students to say "We don't do that at our school" when they see behavior that they know is unacceptable.

We have woven stories of the Seven Grandfather Teachers into our daily lives and have talked at length about being Bucket Fillers rather than Bucket Dippers.

When students are struggling, they must feel that they have an adult who they can go to. Our staff is focussed on building positive connections with our students.

Lastly, our school would not be what it is (a positive and close knit learning environment) without all of you. Thank you for always supporting us and for always being there. Thank you for reaching out when you have questions and concerns.

Wishing you all a wonderful Easter holiday spent with those you love.

On behalf of the staff at Schuler School,

Lisa Lindsay

## HOT LUNCH SCHEDULE

Welcome to a New School Year!

With the return last year of regular hot lunches the Schuler School Council is going to return to the previous set up for Hot Lunches. Each Month a few parents will be responsible for organizing a Hot Lunch for the school. Your group can decide if it will be a brought in Hot Lunch from a restaurant or if your team would like to prepare the lunch for the students. You will also be responsible for coordinating a date with Janice and providing her with the details in ample time so she can set it up on the School Cash Online payment, as well as distribute the information to the students. We usually aim for at least a week's notice. Each month will have a 'seasoned' parent to help lead the group. It is your responsibility to find a replacement person if you are unable to fulfill your month. There is a binder available at the office for you to review previous hot lunches not catered and an idea of costs. If you have any questions, please reach out to a member of the Schuler School Council. Please check your email for a reminder at the beginning of the assigned month with your lead contact.  
Thank you!

Hello parents, guardians, and caregivers:

Re: School Immunization Program (non-COVID) within Alberta Health Services (AHS) South Zone.

AHS reminder phone calls and texts about school routine immunization (non-COVID) are sent as needed to alert parents, guardians, and caregivers about returning paper consent forms for in-person school immunizations, or to alert caregivers about immunization eligibility.

Recently, consent return reminder phone calls and texts were sent to families for students in **Grade 9** for the diphtheria/Tetanus/Pertussis (Whooping Cough) and Meningococcal ACYW 135 type vaccines.

Immunizations have begun for Grade 9 students, but your child will only be immunized if you have provided written or verbal telephone consent. If your child missed receiving the immunizations at school during the school clinic, the nurse *may* be returning to the school before the end of the school year as able.

**Other routine school immunizations (non-COVID) offered as a reminder:**

- Immunizations are offered in school in Grade 6 for Hepatitis B and Human Papillomavirus vaccine series each year
- Students in Grade 1 who have missed the pre-Kindergarten routine boosters can be updated at your nearest local Public Health office, please call to book an appointment
- Children who are home schooled may obtain routine school-aged immunizations at your nearest local Community Health office by appointment

**How to obtain routine school immunizations (non-COVID) for your child:**

- Sign and return the immunization consent form to your child's school as soon as possible if you would like your child immunized in the school setting.
- If there is one or more vaccines you do not wish your child to receive, write REFUSED across the vaccine(s) you do not want and return all consent form(s) to school.
- You may also provide verbal telephone consent to a school Public Health Nurse by calling your local Community Health office.
- Call to book an appointment at a School Catch up Clinic – offered in the communities of Lethbridge, Medicine Hat and Brooks, or book at your local Community Health Office.
- If you are unsure if a child is due for school routine (non-COVID) immunizations, please ask to speak to a Registered Nurse when calling to book.

If you have any questions or concerns, please contact your local Community Health Office. To find your Community Health Office, visit: [Find Healthcare - Search \(albertahealthservices.ca\)](#)
